38th Annual Resident Research Day

Our 38th Annual Resident Research Day was held on April 16th, 2014. There were 10 oral presentations and 5 posters, which demonstrated fantastic scholarly work on a wide variety of topics relevant to children and youth. A huge thank you to Louise Lafleur, who organized the entire day, to our judges, Dr. Asif Doja, Dr Katherine Moreau, and Dr Anne Tsampalieros, as well to all members of the CRU for their assistance and direction in helping these projects attain a high quality standard.

Congratulations to all presenters, with special recognition to those chosen as our competition winners:

**Best Poster Presentation**
Dr Salini Thulasirajah with her project entitled:
“Pediatric Anti-Myelin Oligodendrocyte Glycoprotein Syndrome: Case Series of a Newly Recognized Central Nervous System Inflammatory Protein”

**Best Resident Presentation:**
Dr Ronish Gupta with his project entitled:
“Pre-residency publication record and its association with publishing during pediatric residency”

**Best Fellow/Subspecialty Resident Presentation:**
Dr. Sharmila Udupa with her project entitled:
“Quantifying Left Ventricular Mass”

**Best Overall Presentation (The Dr. Lyon & Naomi Pearlman Award)**
Dr. Navneet Binepal, with his project entitled:
“Quality Appraisal of International Guidelines on the Perinatal Care of Extremely Premature Infants”
