Presentations

Cooke, Carol

Dundon, Belinda

- Dundon, B. (Sept, 2014). Risk Factors for Unplanned Extubations in a Pediatric Intensive Care Unit, Presented at the Dynamics Critical Care Nursing Conference, Quebec City, Quebec.

Dunn, Sandra

CHEO Nursing Accomplishments 2014

Forgeron, Paula

- Forgeron, P., Chorney, J., Carlson, T., Dick, B., Plante, E. To Befriend or Not: Naturally Developing Friendships Amongst a Group of Teens with Chronic Pain. 35th Canadian Pain Society Scientific Meeting, Quebec: May 22, 2014.

Harrison, Denise

- Harrison D, Invited visiting professor presentations (4), faculty meeting and trainee presentations, São Paulo, Brazil, October 13-16, 2014, University of São Paulo School of Nursing.

Krantz, Chantal

Macartney, Gail
• Macartney, G. Understanding the relationship between symptoms and quality of life in children following brain tumor treatment: Development of a clinical practice framework. Canadian Association of Nurses in Oncology (CANO) Annual Conference, October 27, 2014, Quebec City, Quebec.

Rashotte, Judy
• Varpio, L., Rashotte, J., Kuziemsky, C., Day, K., Elliott-Miller, P., Parush, A., King, J., Roffey, T., From Narratives to Data Points: How Electronic Health Record Use Impacts Clinical Thinking. Accepted for presentation at: Canadian Conference on Medical Education: 2014, April 28; Ottawa, ON. Canada. (presentation # CCME-OE6-6)

Richardson, Christine
• Panel Presentation at ISPAD (International Society of Pediatric and Adolescent Diabetes), September 2014.
• Hitting the Highs in Diabetes Management: Current recommendations and future prospects Oral Presentation to Canadian Pediatric Society June 2014
• Lawson ML, Bradley B, McAssey K, Clarson C, Kirsch S, Curtis JR, Richardson C, Courtney J, Cooper T, on behalf of the JDRF Canadian Clinical Trial Network CCTN1101 Study Group. Timing of Initiation of Continuous Glucose Monitoring in Established Pediatric Diabetes: Recruitment and Baseline Characteristics in the CGM TIME Trial. Accepted for poster presentation at the International Conference on Advanced Technologies & Treatments for Diabetes, Vienna, Austria, February 2014.
Stokes, Yehudis

Sprague, Ann

Toppozini, Christina
• Toppozini, C. & Kerri Lynn Whyte. Noise levels in a Level 1 Pediatric Trauma Centre. Poster presentation: Ottawa Regional Trauma Conference, 2014, Oct 7, Ottawa, Canada

Woods, Judy

• Using Feedback to Build School District Capacity in Assessment for Learning, paper presentation with Dr. Christopher DeLuca, Dr. Don Klinger, and Dr. Jamie Pyper at the Canadian Society for the Study of Education annual conference, May 2014.

• Late Career Nurse Initiative, "An Evaluation of Medication Administration by Emergency Nurses: Promoting Patient Safety and Supporting Nursing Practice." I shared the findings with those supportive of my initiative, and at a conference in Denver, Colorado.
Research Grants

**Dunn, Sandra**
- 2014 HSRF Capacity Award G $730,447 (over 3 yr.)
  Understanding Factors Related to Evidence-Informed Practice: A Data Quality Analysis of the Key Performance Indicators in the Maternal Newborn Dashboard (MND) and Validation of Predictors of Use of the MND in Ontario.
  Principal Investigators: Sandra Dunn; Mark Walker
  Co-investigators: Ann Sprague; Ian Graham; Graeme Smith; Jeremy Grimshaw; JoAnn Harrold; Liz Darling; Monica Taljaard; Wendy Peterson; Erin Graves; Andrea Lanes

- 2014 CIHR Operating Grant C $208,347 (over 2.5 yr.)
  Understanding Factors Related to Evidence-Informed Practice: Attributes, Contextual Factors and Barriers to Use of the Maternal Newborn Dashboard in Ontario
  Principal Investigators: Sandra Dunn; Mark Walker
  Co-investigators: Ann Sprague; Ian Graham; Graeme Smith; Jeremy Grimshaw; JoAnn Harrold; Liz Darling; Monica Taljaard; Wendy Peterson; Erin Graves; Andrea Lanes

**Sprague, Ann**

- Fell, D, Sprague, A. & Ray, J. Linking BORN and ICES Data to Report the Infant Mortality Rate in Ontario Funding Agency: Children’s Hospital of Eastern Ontario Research Institute Amount: $9,988.00

Graduate Student Supervision

**Rashotte, Judy**
- University of Ottawa, School of Nursing, PhD student (co-supervisor)

**Sprague, Ann**
- Andrea Lanes – PhD student, University of Ottawa, Epidemiology. Committee Member. Pregnancy and neonatal outcomes associated with assisted reproductive technology use

- Mary Kwakepepran – PhD student, University of Ottawa, Population Health. Committee Member. Impacts of cesarean delivery on infant, maternal outcomes and economic implications
CHEO Nursing Accomplishments 2014

- Elizabeth Darling. Committee Member – PhD Student University of Ottawa – Population Health - September 2010 to June 2014. Understanding the impact of the implementation of the Canadian Paediatric Society’s guidelines on the detection, management and prevention of hyperbilirubinemia: A population health perspective

- Deshanye Fell – Committee Member – PhD Student, McGill University – Epidemiology. 2013 to present. The effect of H1N1 pandemic influenza illness and vaccination on pregnancy outcomes

Terwilligar, Sarah
- 2 graduate student nurses in 2014

University Appointments

Macartney, Gail
- Adjunct Professor, School of Nursing, Faculty of Health Sciences, University of Ottawa

Rashotte, Judy
- Membership in the Faculty of Graduate and Postdoctoral Studies, University of Ottawa
- Adjunct Professor, School of Nursing, Faculty of Health Sciences, University of Ottawa

Romeo, Jessica
- Adjunct Lecturer and University of Ottawa and joint appointee/academic consultant.

Continuing Education - Completed

Banfield-Farrell, Meghan
- Master of Nursing, Charles Sturt University
- Post graduate diploma in Nursing Education, Charles Sturt University

Horlin, Rosemary
- CPON recertification

Kehler, Sarah
- Heart and Stroke Foundation as a PALS Provider.

Toppozini, Christina
- Trauma Nurse Core Course (TNCC) instructor status obtained Sept 20th
- Advanced Trauma Care for Nurses (ATCN) certification obtained Feb 22
- Pediatric Advanced Life Support (PALS) certification obtained May 4
- Pediatric Advanced Life Support instructor course Oct 19th
Research Projects - In Progress

Cooke, Carol

- 2014 (completed) Wrong, T. (PI), Cooke, C. “The use of a Patient Safety Ambassador to improve patient safety at a pediatric hospital” To assess patient/parent knowledge on recommendations to improve patient safety after a visit from a Patient Safety Ambassador, and to explore their attitudes towards this program and their involvement in patient safety in general. Funding Agency: MedBuy

- 2014 (completed) Wrong, T., (PI), Bedard, P. “Parents’ attitudes towards isolation and patient safety recommendations at the Children’s Hospital of Eastern Ontario (CHEO)” To explore parent’s attitudes and knowledge of isolation and patient safety practices and recommendations, and to investigate the reasons behind compliance/not compliance. Funding Agency: MedBuy

Costantini, Sharon

- 2012 (submitted, data collection completed 2014, analysis pending) Sjoberg, I., (PI), Pole J.D., Cassidy M., Boilard, C., Costantini, S., Johnston D.L. “Impact of School Visits on Siblings of Children with Cancer”. Funding from C17 and Coast to Coast Against Cancer Foundation and Childhood Cancer Canada Foundation

Fitzgibbons, Colleen

- Development of a Comprehensive Cost Model in the Pediatric Intensive Care Unit.

Krantz, Chantal

- Chantal Krantz, Marco Marabelli, Dr. Major Cook (2014-2015). Evaluation of the Role of Collaborations for Leadership in Applied Health Research. A joint study between the Champlain Complex Care Program and Bentley University, School of Business, Boston.

Macartney, Gail

- Co-Principal Site Investigator: CIHR Funded, Canada Pediatric mTBI Common Data Elements Study
- Principal Investigator: The effect of the TRAIN program on the acquisition of general concussion knowledge and attitude in children who play soccer: A pilot study

Rashotte, Judy

- Co-Principal Investigator: In Family Use of All Terrain Vehicles (in progress)
- Co-investigator: Sustainability of the EPIQ Intervention to Improve Paediatric Pain Practices and Outcomes (study closed to accrual)
- Co-Investigator: Translating Research on Pain in Children (TROPIC) Study (study closed to accrual)
- Co-Investigator: CIHR Team in Children’s Pain (study closed to accrual)
CHEO Nursing Accomplishments 2014

- Principal Investigator: The Impact of Adopting a New Nursing Professional Practice Model (report completed)
- Co-Principal Investigator: Interprofessional Teams and the Introduction of Knowledge-Based Charting (dissemination phase)

Sjoberg, Isabelle
- 2012 (submitted, data collection completed 2014, analysis pending) Sjoberg, I., (PI), Pole J.D., Cassidy M., Bollard, C., Costantini, S., Johnston D.L. "Impact of School Visits on Siblings of Children with Cancer". Funding from C17 and Coast to Coast Against Cancer Foundation and Childhood Cancer Canada Foundation

Toppozini, Christina
- University of Ottawa Master Science in Nursing student supervision for project "Simulation Technology"
- University of Ottawa Master Science in Nursing student supervision for project "Resuscitating the code blue record"
